ışık

kaşık

İsminde "ş" sesi başta mı ortada mı sonda mı?

Aşağıdaki görsellerdeki varlıkların adını yazalım.

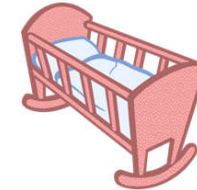

Handwriting practice lines for the letter S. The first line is pre-filled with a solid black 'S'. The following ten lines are empty, each consisting of a top solid line, a middle dashed line, and a bottom solid line, for tracing and independent practice.

Handwriting practice lines for the letter S. The first line is pre-filled with ten dashed 'S' characters for tracing. The following four lines each contain three dashed 'S' characters for tracing. The remaining five lines are empty, each consisting of a top solid line, a middle dashed line, and a bottom solid line, for independent practice.
